The schools for the year have been with few exceptions excellent. Good discipline has been maintained and thorough advancement of the scholars has been manifested. The school buildings in town need painting externally, with one exception, very badly, and it appears to your board that to postpone this matter longer would necessitate a large waste, that is, if these buildings are ever to be repaired. On account of sickness the Treasurer's report is omitted until the annual meeting.

HENRY DODGE,
JOSEPH H. NOYES,
WARREN ABBOTT, }
School Board of Webster.
Webster, N. H., Feb. 15, 1894.

LITTLE HILL.

First term by Miss Agnes M. Pillsbury. Number of scholars, 5; average attendance, 4.

Fall and winter terms taught by Miss Mattie F. Railey. Misses Pillsbury and Railey, both young, could not bring to the school-room the experience a Normal school training gives, yet both of them showed an aptitude for the work which promises to place them high on the list as teachers.

ROLL OF HONOR.

The following pupils have not been absent during the year.

Florence A. Buzzell, Clarence B. Dodge, Annie Holmes, Shirley T. Sanborn, Gracie B. Blanchard.

The following have not been absent during one term.

Louis H. Blanchard, Alice A. Tilton, Arthur Chase, Lula P. Butcher, Carl Chase, Bert C. Tilton, Robert H. Pearson, for two terms, Maurice C. George, Gertrude Gerrish, Elmer B. Gerrish, Winnie Davis, Alice Drown, Scott Sanborn, Mahlon Snyder, Clau Thompson, Laura E. Sanborn, Arthur H. Roby.

By reason of the additional two hundred dollars raised at the last annual meeting, we have been able to support seven schools of three terms each, viz. summer term eight weeks, fall term of eight weeks, and a winter term of ten weeks, or twenty-six weeks of schooling as compared with twenty-one weeks for several years previous. This has not only enabled us to bring our number of weeks of schooling to nearer the average of our neighboring towns but it has made it possible for us to increase the wages of our teachers so that they are nearer the amount paid for similar schools in other places.

We recommend to the district a continuation of the appropriation for the year to come.

WHITE PLAIN.

Summer term, Miss Katie B. Heath, teacher. Wages per month, including board, \$20.00. Number of scholars, 4; average attendance, 4. This school was in a measure successful, although from certain conditions not as profitable as we could wish.

Fall and winter terms, Miss Cora E. Hayley, teacher. Wages, same as above. Number of scholars, 7; average attendance, 6. Miss Hayley is an experienced teacher, faithful and industrious. All the scholars made excellent progress.

PUTNEY HILL.

Miss Alice W. Hayley, teacher for the year. Wages per month, \$24.00, board given by a citizen. Number of scholars, 16; average attendance, 13. Miss Hayley came highly recommended and more than fulfilled our expectations. Her methods of instruction are thorough and up with the times. This school was a success in each of the three terms. Parents and friends show a good degree of interest in this school, which greatly encourages a teacher.

PLEASANT STREET.

Miss Hattie A. French, teacher for the year. Wages per month, including board, \$20.00. Number of scholars, 8; average attendance, 6. A faithful teacher, and a good amount of work was accomplished during the year. Although the irregular attendance of some scholars prevented the progress they otherwise would have made.

CORSER HILL.

Miss Sarah E. Sawyer, teacher for the year. Number of scholars, 13; average attendance, 10. Real and very satisfactory progress was made in this school. Miss Sawyer is an excellent teacher.

A.

School Report.

Your School Board respectfully submit the following report.

SWEATT'S MILLS.

Miss Mary E. Gerrish, teacher for the year. Wages per month, including board, first term \$22.00, second and third terms, \$24.00. Whole number of scholars, 10; average attendance, 10. Your committee were unable to be present at the examination of the third term but judging from the previous terms we believe the school to have been a successful one for the year.

BASHAN.

Mrs. Rosetta R. Sanborn, teacher for the year. Wages per month, including board, \$24.00. Whole number of scholars, 16; average attendance, 11. We were much pleased with the showing of the school at the last examination. Quite a large number of parents and others attended, thus bespeaking an outside interest in the welfare of the school, which almost invariably denotes a successful one.

REPORT OF TRUSTEES OF PUBLIC LIBRARY.

March 20, 1893, a circular letter was sent to members of the West Boscawen Library Association, who could be reached, asking for a transfer of right and title to that library to Trustees of Webster Free Public Library for the use of said library. Sixty-four answered in the affirmative, none in the negative. June 1st, 177 volumes from that source and 10 volumes, the gift of H. C. Pearson, were ready for use. The promised state gift was delayed, so the library was not opened until Sept. 1st, when 102 volumes from the State were catalogued. Nov. 23d, 41 volumes were added from the town appropriation, and more books from that source will be added in a few days. One volume has been given by Mrs. Thomas J. Courser, and one by Mrs. Wesley Jackman.

The library has been duly insured in accordance with the state requirement. It is open to all citizens, two cards to each family, at all times, excepting Sundays. The number of books taken from the library for each month are as follows: Sept. 11 to Oct. 1, 50; October, 117; November, 122; December, 160; January, 206.
